

The City of Sparks, Nevada

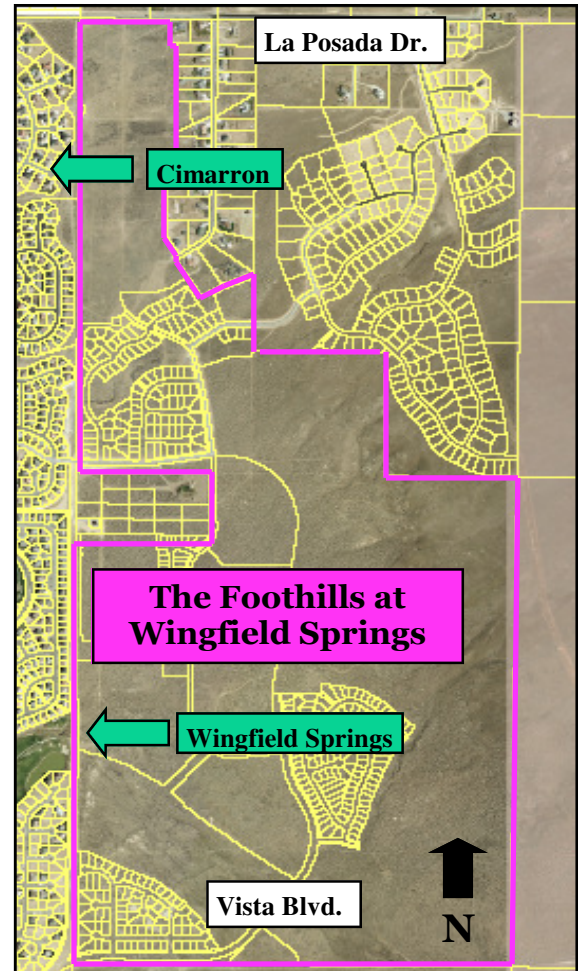

The Foothills at Wingfield Springs

Project Size

- 690 Acres
- Approximately 2,280 Units

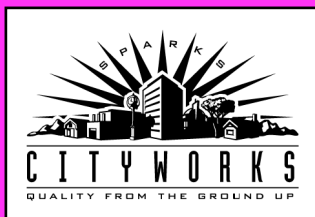

Details

- Approval allows for up to 1,978 single family dwellings, and approximately 300 multifamily units.

Status

- The original handbook was recorded in October 2005. An amendment was finalized in June 2007 which replaced the commercial land use with a multifamily designation.
- Approvals have been granted for the development of single family residences for the majority of the villages and are under construction.
